

2023 SEASON

### **BAGGAGE INFORMATION**

There are a number of options that may be used in transporting camper baggage to and from Wigwam. Families may use a trucking service (Camp Baggage), UPS, or if your camper is flying, the bags may be put on the plane. These various options are discussed below.

We are pleased, again this season, to offer to Wigwam families one way and/or round trip camp baggage service. Camp Baggage, Inc. is our authorized baggage transport agent, offering door to door service from your home. Whether your camper is traveling to camp by car or plane, we encourage you to take advantage of this service. Families have found this to be a reliable and convenient option for baggage transport. You need not address the issue of baggage transport until late winter or spring, however, if you have any specific questions regarding price, size limitations, etc. please feel free to contact:

Camp Baggage - [www.campbaggage.com](http://www.campbaggage.com) - (561) 748-5185

You may also choose to select United Parcel Service (UPS) for your camper's baggage (**1-800-742-5877**). As you might know, UPS also offers a convenient and reliable baggage service, and will pick up at your home. There are some size and weight restrictions, so it is best to call first if you have any questions.

The option of sending bags on the plane is also a viable one, however please note that except for Southwest Airlines and Jet Blue, most airlines charge a premium for handling bags, and that all airlines have weight restrictions. It is a good strategy to call the airline that you might be using to learn their specific policy on baggage.

Please feel free to phone the Camp Wigwam office (207-583-2300) if you have any questions, at all, about baggage transport.
